Martin Cooler-Stith

Minneapolis, MN | 301-804-8005 | itsmartinoliver@gmail.com

EDUCATION

Bachelor of Electrical Engineering - Expected May 2028
College of Science and Engineering, University of Minnesota Twin Cities
GPA: 3.5/4.0

Relevant Coursework Completed: Signals, Circuits & Electronics; Analog & Digital Electronics; Introduction to Digital System Design; Introduction to Microcontrollers

Current Coursework: Signals & Systems; Circuits & Electronics Lab I; Analog Electronics; Semiconductor Devices

TECHNICAL SKILLS

Programming: Python, C++, MATLAB
Embedded Systems: PIC24 firmware development, ultrasonic sensors, PWM motor control
CAD and Design: Fusion 360, Onshape, Blender
Other: Microsoft Office, DaVinci Resolve, soldering

PROJECT EXPERIENCE

Maze-Solving Robot | EE 2361: Introduction to Microcontrollers | 2026
- Wrote the PIC24 firmware that guided the robot dynamically through a maze.
- Used readings from three ultrasonic distance sensors to navigate and controlled two brushed DC motors using PWM.

Mesh Network | 2024
- Developed and implemented a network of three nodes.

Parameterized Desk | 2025
- Created a fully parameterized desk in Onshape.

Decimal-to-Arbitrary-Base Calculator | 2025
- Developed a step-by-step calculator in MATLAB.

Lossless Compression Algorithm | Middle School Science Fair Project
- Wrote a lossless compression algorithm in Python.

LEADERSHIP EXPERIENCE

Community Manager | Beacon Social Club | Nov. 2025-Present
- Resolved a conflict between community members by talking with them about the situation and helping them reach a peaceful resolution.

CAD Lead | FIRST Tech Challenge Team #14575, Capital Bots | 2021-2023
- Led the team's Fusion 360 mechanical design.
- Mentored new members as they learned robotics.

VOLUNTEER EXPERIENCE

Volunteer Intern | KID Museum, Bethesda, MD | Sep. 2022-May 2023
- Assisted children with Snap Circuits projects, taught technical skills, and encouraged their interest in science & engineering.
- Helped children learn to code with Scratch and supported their creativity.

Volunteer Intern | Greenbelt Access Television, Greenbelt, MD | Sep. 2021-May 2022
- Set up lights and props for local film projects and operated a camera.
- Collaborated with the director.

Volunteer Intern | The SPACE Free Art for All, Greenbelt, MD | Sep. 2020-May 2021
- Tutored students in Scratch and produced recorded Python programming lessons with custom animations.
- Welcomed visitors to the makerspace.
